We would like to extent special thanks to:
Carl Tupper of BSI Comics in Metaire, La.
Jess Shapiro of B&R Comics in St. Louis, Mo.
Mark Cappucci of Nightflight Comics in Chelmford, MA.
Thomas Capone of National Past Time in Parma, Oh.
Aaron Davis of Collector's Connection in Duluth, Mn.
Don Gage of the Upper Deck in Peekskill, NY
Kevin Berkson, a dealer in Fargo, ND
for their advice, input, and contributions to this issue.

This publication is designed to guide comics collectors in the most current comics values. It is a tool along with other fine publications to assist collectors to enjoy the hobby. Also useful are *The Comic Book Price Guide* by Robert Overstreet and *The Comics Buyer's Guide* by Krause Publications.

The comics values listed are what a dealer will generally ask. Depending on a dealer's needs and condition of the comics, dealers will pay around 50 percent of these values for major and hot titles, and 30 percent or less for minor comics. These guidelines will vary from dealer to dealer and as to location.

Condition of Comics

MINT- A perfect comic in every way.

NEAR MINT- A nearly perfect comic. Cover shows barely perceptible signs of wear. Tight spine with minor printing defects acceptable.

VERY FINE- Beginning signs of wear. Slight creases at staples, some loss of gloss but attractive.

FINE- A worn cover but clean. Stress lines around staples and more rounded corners.

VERY GOOD- A well read book. Minor markings, discoloration. Heavier stress lines around staples with minor tears or corner creases and spine rolling.

GOOD- A very worn comic with creases, minor tears, cover flaking appearant. No tape.

FAIR- Slightly damaged cover, badly rolled spine, cover flaking and possibly corners gone. Tears and tape are possible.

all comics listed in this guide are in near mint condition

Characters represented in this issue are copyright respectively by D.C.Comics, Marvel Comics Group, First Comics, Eclipse Comics, Comico, Aardvark-Vanaheim, WaRP Graphics, Eternity, Harrier, Slave Labor Graphics, Kitchen Sink Comix, Tru Studios. Top 100 List copyright Capital City Distribution.

FUTURE PICKS

•Cerebus is due for a new upswing in price. Reports are that a #1 sold for 700.00 in the South Central States.Recently the early Cerebus issues are hard to find.

•Hot Item- Thor-Sverd, Sword of Thor, was produced by Jeff Vincent in Portland, Maine. Apparently only 5,000 copies of the first issue were produced. Demand is already increasing very fast. A very limited and sporatic distribution is reported.

•Dealers report The Nam as one of the best selling Marvel titles now in the stores. Prices are jumping fast. If you think of this historical subject as a long term prospect, all the early printings will be an excellent long term investment.

•Some reports are of a higher demand on the last few Superman issues before the takeover by Byrne. Nobody can find them. Price is not the motivation; they just are not around. Look for some future increases and continued demand.

•Hottest and most discussed book right now is Boris the Bear. Everybody likes it and the belief that it will do great is expressed. Prices indicate this also.

•Anticipation for the new Wonder Woman is great. Dealers report that this will be another Superman or hopefully, even Batman. Can George Perez really do it? We all hope so!

•Marvel Massacre issues are selling at high rates. Look for Thor 374 and Powerpack 27 to be the hardest to find. They'll also have the greatest potential for upswings in price.

•The regular Batman by Frank Miller will be out soon. The old star should be very well received. Dark Knight has been great. Now a Miller Batman with a cover price of $.75 can't go wrong!

•Did you know? The second series of Savage Tales has four issues of The Nam 1967- This was the forerunner of The Nam. Prices on this black and white Marvel issue are starting to move up fast.

COMICS VALUES MONTHLY

Attic Books, Ltd. P.O. Box 38 South Salem, New York 10590

Dear Comics Values Monthly Reader,

Ecomonics plays a very important role in comic prices. That is to say, it isn't just what a collector likes or wants that determines value, but what the collector actually ends up buying is the determinor. The average collector has just so many dollars to spend and no more. He wants this and that, but ends up with only his most desired choices. This can be translated to all the comic buying public. They have, so to speak, "X" number of dollars; a given dollar amount that can be spent. This "X" amount has been going up each year, with new collectors in the field, with inflation, and with speculators. There is, however, this ever present "X" amount. In 1980 new comic sales and back issue sales were basically Marvel and DC titles. Back issues were a strong part of the business. "Finishing the run" was very important then. Now, new issues glean the majority of that "X" dollar. Especially in black and whites, interest has shifted from older back issues to new issues. Currently volatile black and whites are hot.

Information has come to me of Albedo's 0 blue cover reprints. Steve Gallacci reprinted the blue cover in late 1985 to early 1986. This print run was 1,000 copies. A third printing was run for the San Diego Con in the summer of this year. Steve printed 1,000 of this blue cover third printing; all were taken and sold almost immediately to a few dealers for $1.50 each. Subsequently they sold at $3.00, and even up to just under $10.00 before the end of the convention. This third printing is now legitimately retailing for $15.00 each. Both the secong printing and the third printing state printing status on the back of the book. Beware of these so that you dealers and collectors don't get caught with the wrong "0" blue cover. Other Albedo information can be found in CVM's #5 editorial.

This brings us to a question we have been asked constantly. What constitutes a rare item? CVM has adopted the following designation to rarity regarding comics.

Extremely Rare.....	1-100 printed
Very Rare	101-999 printed
Rare	1,000-8,000 printed
Very Scarce	8,000-11,999 printed
Scarce	12,000-15,000 printed

Remember, rarity alone does not dictate price. Demand and availability also help indicate value.

Yours truly,

Alex G. Malloy
Editor

The collecting of original comic art is an ever increasing adjunct to the comic industry. Here CVM presents part two of the industry's first listing of original comic art values. Original art is defined here as a full page used in the publication of a comic. In collecting comic art a collector must judge each page by its individual artistic merit. Often the artists will set initial prices on their own work. To aid the collector and dealer, the pages have been divided into classes A to F, by which prices may be adjusted from the average retail values listed.

A..Main character,action,innovative + 20%
B.....Main character, general viewsaverage
C.....Main character, main foe average
D.....Supporting characters,main foe-20%
E.....None of the above -30%
F.....Special importance but as E -20%
Cover Art.....+ 50 to 100%
Splash Pages.....+ 20%
Signed Pages.....+ 10%
Convention Sketches.....50%

•Comic Painting values will be determined by artistic merit & do not fall in this listing.
•The criterion for this listing is a five or more issue run. Unlisted titles by the same artist will reflect similar values.
•The artist listing is a general guide, when an artist is teamed up with another listed below the values will usually increase accordingly.
•(NOM) means none of this title on the market.

COMIC ORIGINAL ART

We would like to extend special thanks to Al Czarnecki of AOK Enterprizes and J. Ivey of the Cartoon Museum, for their assistance in preparing this feature.

OF COURSE, IT WOULD BE, HIS CHOICE IT ACCELERATES FASTER THAN SUPERSONIC JETS OR ROCKETS!
BUT ALL THOSE CONSIDERED, I'D SAY THE SEX PISTOLS' FIRST TEEN-FLIGHT WAS A SOARING SUCCESS!
AND JUDGING FROM THE REACTIONS OF MY SUPERVISION, HE'S PICKING UP FROM THE NAVY CITIZENS BELOW!
THE OFFICIAL FINDINGS SEEMS TO BE IN UNANIMOUS AGREEMENT WITH YE
AND SO YOU NEED HAVE NO DOUBTS ABOUT THE SEX PISTOLS' RECKONS GUIDANCE UNIT!
IT PROVED TO BE SENSITIVE ENOUGH TO EVEN "HOVER IN" ON MY TEMPERATURE!
